

I listen to K-Love Radio every day. It is my inspiration and the way I worship. Listening to wonderful meaning music is joy to our souls.

I also donate to K-Love monthly in order to help keep them on the air.

I believe we as Americans have the right to have freedom of speech and what we believe in. Through this radio station and God's word that this world can be a better place.

Please do not consider new regulations that will hurt millions of people listening to Christian radio stations.

In hope and light,
Anna Ricci
